

TENNESSEE HAS BAD RECORD ON CHILD LABOR LAWS

Government Threatens to
Place State on Black List
Unless Material Improve-
ment Is Shown.

NASHVILLE, Tenn., July 7. (Sp.)—Albert Williams, superintendent of education of Tennessee, has issued the following statement to county superintendents regarding repeated violations of the child labor laws:

"Recent investigations throughout various counties in Tennessee made by federal inspectors from the child labor tax division, Washington, also by inspectors from the state department of factory inspection show numerous working permits have been issued to minors who were under age, and a great laxity has been practiced by those having authority in this matter failing to adhere to regulations as provided for in chapter 77, laws of 1917.

Hon. William M. Williams, commissioner of the United States labor statistics for the child labor tax division, has recently advised the state department of factory inspection of the need for acceptance of the working permits as issued in Tennessee, unless revolved in the method carried out by those who are charged with this duty, that Tennessee will be placed on the black list, and that federal officers will be appointed to perform this duty.

We, as educators in Tennessee, do not want the educational department criticized and placed on record showing us to be lax or incompetent for this work. You, of course, realize that the general public is rapidly becoming more interested in these questions and is demanding a strict observance of the child labor laws.

The federal child labor tax division and the state department of factory inspection has asked my co-operation in the improvement of this work, therefore, I am writing a circular letter to all county superintendents and enclosing forms Nos. 1, 2 and 3, for their guidance. No. 1 shows the reason why certificates are subject to cancellation. No. 2 shows suggestions on issuing permits for children who have no proof of age available. No. 3 covers the method for issuing permits.

"Provided you have appointed representative persons to issue working certificates, please advise me and I will furnish you with a sufficient number of forms, 1, 2 and 3, for their guidance."

The state child labor laws act of 1917 and 1919 as applying to Shelby county are:

"Children under the age of 14 are not permitted to work under any circumstances at any kind of employment, other than domestic or farm work.

"Children between the ages of 14 and 16 years must secure an age certificate from the county superintendent of schools. This certificate shall be issued to children between 14 and 16 years of age who are prohibited from working in excess of 8 hours in any one day or more than 6 days in any one week nor before the hours of 6 a.m. nor after 7 p.m. These laws apply to every day in the year."

BARROW SPORTS BROKEN ARM FROM CONVENTION

E. R. Barrow, chairman of the music committee of the Chamber of Commerce, and president of the local Red Cross organization, who has recently returned from the national convention at Atlantic City, with his wife, is displaying a broken arm as the result of his trip.

One day when there was a lull in the convention, he, with his wife and several other couples, took a sight-seeing trip up the Hudson river. They landed at one particularly beautiful spot, and stood on a rock surrounded by beautiful scenery, from which an especially fine view could be had. Mr. Barrow forgot for a moment his weight and leaned against the balustrade. With a groan he precipitated Memphis' musical sponsor to the ground about eight feet below. His foot caught in the wreckage, throwing him on his left arm, which was shattered at the elbow. Discussing the incident, he expressed thankfulness that his wife was along, as he says an alibi would have been an impossibility had she not seen the incident.

700 EXPECTED AT NEW PARTY MEETING

CHICAGO, July 7.—Several members of the executive board of the committee of forty-eight arrived today to perfect plans for the convention Saturday, which will prepare for the organization of a third political party, according to leaders in the movement.

J. A. H. Hopkins, of New York, national chairman; Amos Pinchot, George L. Record and Frank Patterson were expected today. Delegates from several Western and Southern states have arrived.

GOV. COX INVITED TO SPEAK WITH HARDING

ST. LOUIS, Mo., July 7.—Gov. James M. Cox has been invited to speak from the same platform with his Republican opponent, Senator Warren G. Harding, here July 25, at the dedicatory ceremonies of a war heroes' memorial cemetery. Senator Harding has announced he probably would begin his campaign here that day. The invitation was telegraphed to Gov. Cox today by the local branch of the American Legion and emphasized the affair would be nonpolitical.

NOMINATIONS FAIL TO DISTURB LONDON PRESS

LONDON, July 7.—Newspapers of London in commenting on the Chicago and San Francisco conventions this morning devote more attention to future relations between the United States and Great Britain than upon the bearing the convention will have on the domestic affairs of America.

"There is nothing in the declared policy of either Mr. Cox or Mr. Harding to disturb the most cordial relations between the two countries," says the Morning Post.

Several journals warn the people here not to take a too serious view of utterances inevitable during the campaign by "certain groups in the United States who make twisting the lion's tail a favorite amusement."

"It would be wise to frankly ask ourselves whether it is strange if the progress of European affairs since the armistice should have induced in American minds a feeling of bewilderment bordering on alarm."

NEW YORK, July 7.—Dr. Horace Fletcher, renowned dietitian, who preached the doctrine of thorough mastication of one's food, left the residue of an estate of \$126,573 to Harvard university for the purpose of fostering the knowledge of healthful nutrition, according to an appraisal filed in the surrogate's court here by the deputy state controller, Dr. Fletcher died in Copenhagen, Jan. 12.

A vaudeville show was recently put on, in which the "Dance of the Seven Vails" was a feature. There were many other acts, which were worthy of a place on the stage, according to Executive Atkinson, who states that Camp Kai Mima is the best Boy Scout camp in the South, and one of the best in the country.

The wireless set, recently installed for the purpose of communicating with local headquarters, has so far been a failure, due to atmospheric conditions in the mountains in which the camp is located.
